È LIFESTYLE. L'approccio innovativo, le forme modulari, le risposte tecniche alle domande del quotidiano. Da Glass giungono proposte originali, dal sapore materico, che si distinguono per stile e personalità. Non si tratta soltanto di arredare l'ambiente bagno ma di concepire soluzioni differenzianti, che comunicano uno stile di vita. Il tuo. IT'S LIFESTYLE. The far out approach, the modular shapes, the technical responses to daily needs. From Glass original suggestions, materic feelings, that differ themselves for style and character. It's not only a matter of bathroom furnishing, but of conceiving distinguishing solutions that talk about a lifestyle. Yours.
